## Features / Benefits

- Small Sand Blasting Kit - for use with 20 range
- Industrial Sand Blasting Kit - for use with 20/30 range
- Quickly attaches to your Brendon Powerwasher
- Wet sand blasting avoids the dust associated with dry sand blasting

Also available:

Brendon Sand Buddy

Blast grit grade 3

Protective helmet with full face shield

The industrial sand blasting kit consists of an easy to handle, lightweight, aluminium housing and a long lasting tungsten carbide mixing nozzle. The highly efficient venturi design can be used with a wide range of operating pressures and flows and can draw up to 450kg of sand per hour. All this is mounted on a lance complete with quick screw couplings, allowing you to quickly convert your powerwasher into a wet sand blaster.

Specification may differ per country. Brendon reserves the right to alter the specification without notice.
